Introduction

The National Bibliography is considered the mirror that reflects the country's culture, intellectual heritage, values, principles, practices and various fields of knowledge, and its issuance is one of the basic functions of the National Library as the body entrusted with preserving the nation's heritage.

The development of the national bibliographic control depends primarily on the regularity of deposit of works, and cooperation of authors and publishers in depositing their intellectual works and creative productions once published. This helps in the fast issuance of the national bibliography and the introduction of published Jordanian intellectual and creative production made by Jordanian or non-Jordanian authors within the Hashemite Kingdom of Jordan or abroad; and enables scholars, researchers, intellectuals as well as workers in Libraries and Archives to have access to what has been issued to benefit from it.

Department of the National Library has been issuing the Jordanian bibliography since its establishment. It is pleased to present this annual issue through making it available on the website www.nl.gov.jo. The National Bibliography for the year 2019 includes a collection of books that were actually deposited in the Deposit Center at the National Library for the year 2019 with a total number of (3290) titles, (3209) of which in Arabic and (81) in English.

Therefore, I invite authors and publishers to deposit their intellectual production in Department of the National Library to keep it for future generations as part of the national cultural memory.

I would also like to extend my sincere thanks to all the employees of Department of the National Library for their efforts in bringing this publication to light. May God help us to serve our beloved country under the presence of His Majesty King Abdullah II Ibn Al Hussein, may God support and protect.

Director General
Department of the National Library
Professor Nidal Al-Ahmad Al-Ayasra

Generalities

005 Computer Programming, Programs, Data

< 01 >

- 005.1 **Al-Hakkak, Nada Majid**
Data Structures and Algorithms (DSA) / Nada
Majid Al-Hakkak .- Amman: The Author, 2019 .- 150p
Deposit Number: 2019/7/3909
ISBN: 978-9957-67-318-5
